TOOLKITS ETC.

ABOUT US

At S. K. Industries, we are involved as a Manufacturer and Supplier of food processing machines such as Pasta Making Machine, Vermicelli Machine and Macaroni Making Machines. The foundation of our firm was laid in 2008, and since then we are highly involved and dedicated towards the reduction of human efforts by manufacturing various food processing machines with high quality and durability.

Located in the National capital region of the country, Noida we have reached to every corner of the country to provide simple and excellent performing equipment. The design of all our products are exclusive and attractive and is such that the equipment is easy to operate and easy to handle. With zero or minimum wastage, our products effectively deliver the required products each and every time.

WHY US

Our perfect team of engineers, designers and workforce enables our production house to generate up to 16 units per month and attain the export percentage of 5 percent. All our products are of global industry standards and we have been able to attract a huge client base in the country as well as outside the country. All our products are made from brass copper which gives the products strong and long-lasting structure and body making them robust and reliable.

CONTRIBUTING TO THE FAST FOOD INDUSTRY

Since our startup, we are highly dedicated to bringing revolution in the fast food industry by designing and producing types of equipment which reduce human efforts and minimize human intervention. And on the other hand, provides tasty and healthy food products. You will find our equipment as:

Highly Durable: our equipment is made up of strong materials and excellent design which makes this equipment highly recommend

Output: this equipment provide satisfactory output and can be customized as per the need

Affordable price range: made with high-quality material these equipment are affordable as well

Easy to operate: our product comes with simple instructions manual which makes it easily operable brass copper which gives the products strong and long-lasting structure and body making them robust and reliable.

Semi Automatic Pasta Machine

PRODUCT DETAILS

Application/Use	For Macaroni Pasta Making
Machine Type	Semi-Automatic
Capacity	50-200 kg/hr
Power Consumption	5 kw – 17 kw
Power Supply	415 V
Brand	SKI
MOC.	SS.304

Leveraging the skills of our qualified team of professionally, we are instrumental in offering a wide range of Semi Automatic Pasta Making Machine.

Automatic Pasta Machine

PRODUCT DETAILS

Application/Use	For Macaroni Pasta Making
Machine Type	Automatic
Capacity	100-1000 kg/hr
Power Consumption	11 kw – 60 kw
Power Supply	415 V
Brand	SKI
MOC.	SS.304

Leveraging the skills of our qualified team of professionally, we are instrumental in offering a wide range of Semi Automatic Pasta Making Machine.

Vermicelli Extruder

PRODUCT DETAILS

Application/Use	For Vermicelli Making
Machine Type	Semi-Automatic + Automatic
Capacity	50-500 kg/hr
Power Consumption	5.5 kw – 25 kw
Power Supply	415 V
Brand	SKI
MOC	SS.304

Leveraging the skills of our qualified team of professionally, we are instrumental in offering a wide range of Semi Automatic and Automatic Vermicelli Making Machine.

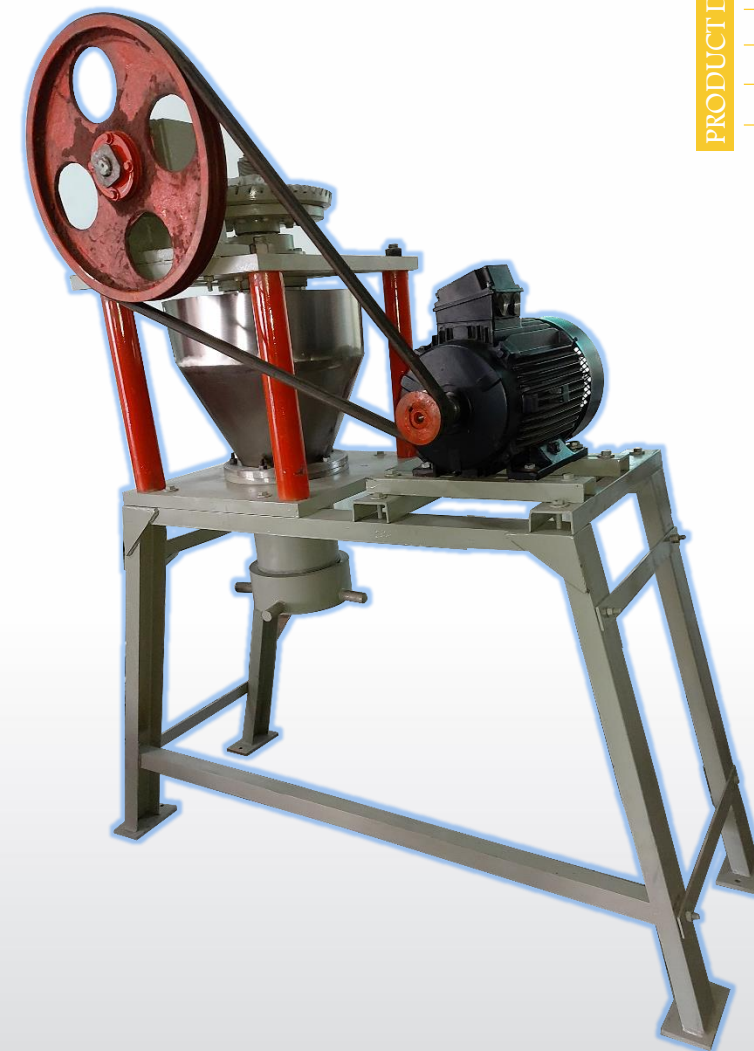

Sewai Extruder

PRODUCT DETAILS

Application/Use	For Long Sewai Making
Machine Type	Automatic
Capacity	50-300 kg/hr
Power Consumption	7.5 kw – 21 kw
Power Supply	415 V
Brand	SKI
MOC	SS.304

Leveraging the skills of our qualified team of professionally, we are instrumental in offering a wide range of Semi Automatic and Automatic Long Cut Shevaya Making Machine.

Kurkure Extruder

PRODUCT DETAILS

Application/Use	For Kurkure Making
Machine Type	Semi-Automatic
Capacity	80-300 kg/hr
Power Consumption	5.5 kw – 25 kw
Power Supply	415 V
Brand	SKI
MOC	SS.304

Leveraging the skills of our qualified team of professionally, we are instrumental in offering a wide range of Semi Automatic and Automatic Kurkure Making Machine.

Snacks Extruder

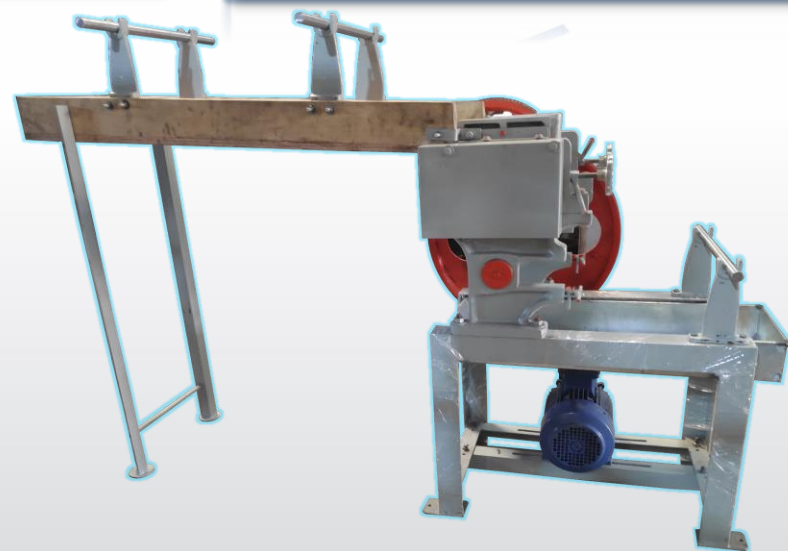

PRODUCT DETAILS

Application/Use	For Snacks Making
Machine Type	Automatic
Capacity	50-300 kg/hr
Power Consumption	7.5 kw – 21 kw
Power Supply	415 V
Brand	SKI
MOC	SS.304

Leveraging the skills of our qualified team of professionally, we are instrumental in offering a wide range of Semi Automatic and Automatic Long Cut Shevaya Making Machine.

Noodles Extruder

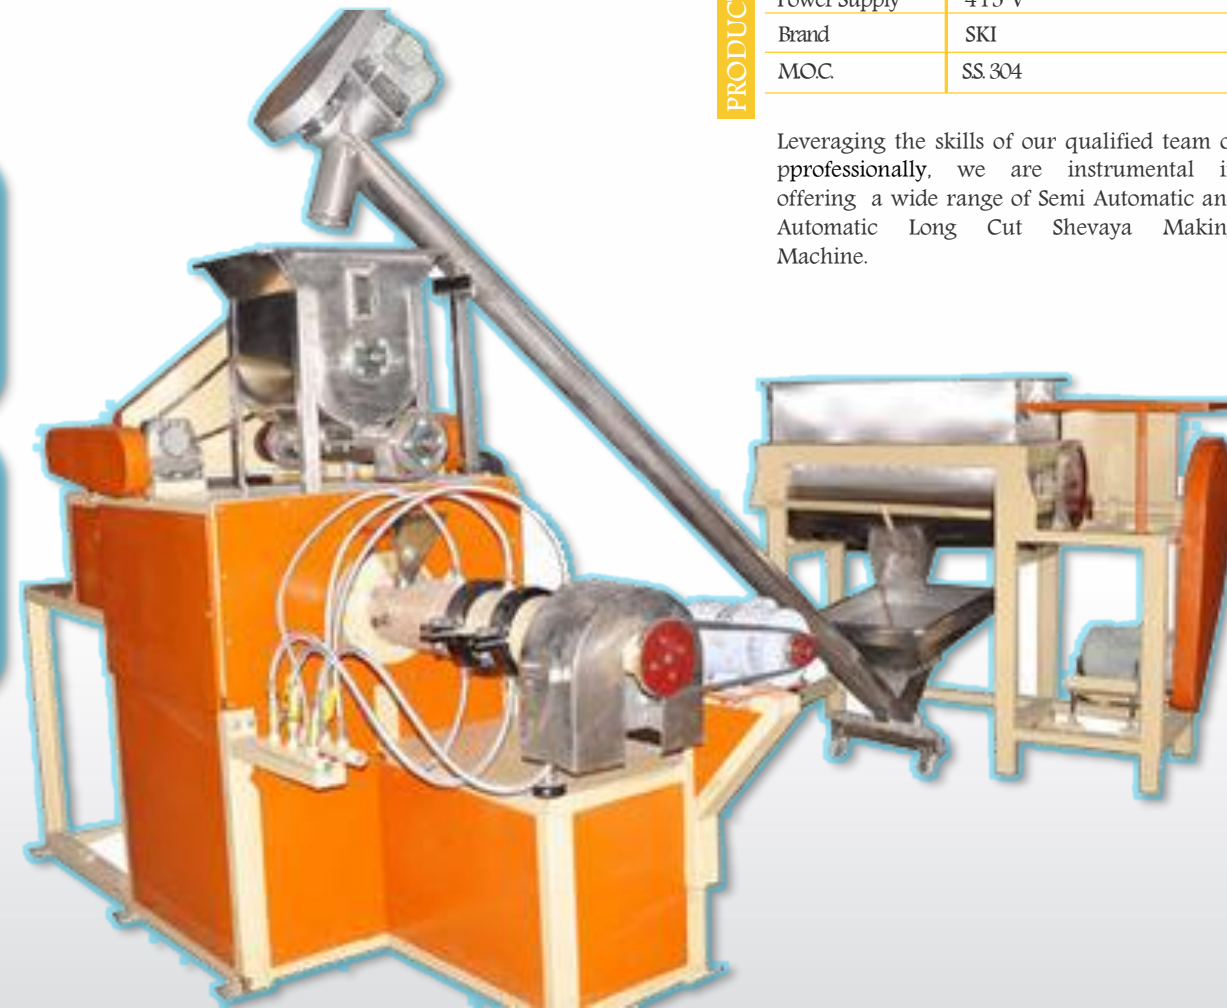

PRODUCT DETAILS

Application/Use	For Kurkure Making
Machine Type	Semi-Automatic
Capacity	80-300 kg/hr
Power Consumption	5.5 kw – 25 kw
Power Supply	415 V
Brand	SKI
MOC.	SS.304

Leveraging the skills of our qualified team of professionally, we are instrumental in offering a wide range of Semi Automatic and Automatic Kurkure Making Machine.

Soya Nuggets Extruder

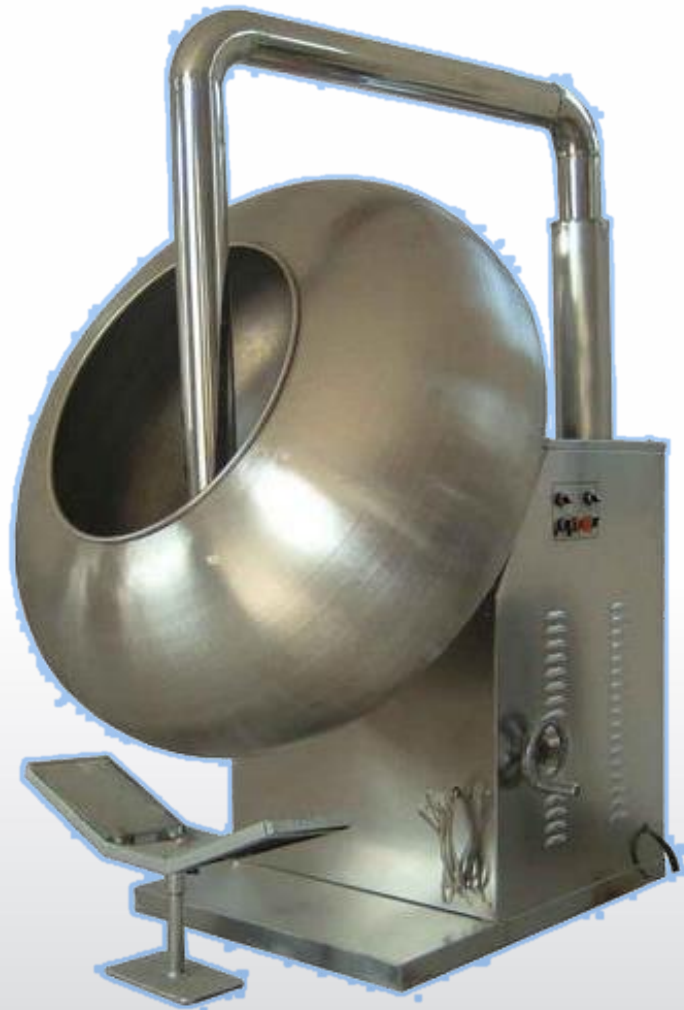

PRODUCT DETAILS

Application/Use	For Snacks Making
Machine Type	Automatic
Capacity	50-300 kg/hr
Power Consumption	7.5 kw – 21 kw
Power Supply	415 V
Brand	SKI
MOC.	SS.304

Leveraging the skills of our qualified team of professionally, we are instrumental in offering a wide range of Semi Automatic and Automatic Long Cut Shevaya Making Machine.
